- Extent of proposed works
- Extent of new construction
- Extent of refurbishment works
- Extent of demolition

- Extent of new grassed area
- Extent of new concrete

## PRACTICAL LEARNING SPACES

Create new Department standard sized prep area to be shared between woodwork & construction room

Enlarge woodwork room by removing existing store and utilise existing doors as link to new shared machine room

Former yard space to be utilised as courtyard bringing light into classrooms and housing plant where necessary

Existing bookstore, cloaks and first aid rooms relocated to new atrium (Site E) to accommodate larger construction/engineering rooms & prep area

1923(SK)02\_5

(Scale 1:250)
