School Information/Communication System

Introduction of TYRO

Tipperary ETB schools have transitioned from VSware to a new school management and communication platform called **TYRO**. The TYRO parent app will operate in the exact same manner as VSware.

Access to TYRO is via your nominated email address.

If you have yet to receive access to TYRO, please email info@colaisteduniascaigh.ie

This change has been implemented as part of a national procurement process led by the Department of Education.

What this means for parents and guardians:

TYRO will allow schools to continue to share important information with parents and guardians, including:

- School updates and notifications
- Attendance and student information
- Reports and key school communications

This will simplify the process for parents, by allowing information and payments to be managed through one secure platform.
